

HIGH COUNCIL SITS IN MYSTIC TEMPLE OF SCOTTISH RITE

Twenty Thirty-Third Degree
Masons, in Secret Session,
Plan Order's Business.

ARRANGE TWO BANQUETS

New Center of Fraternity Scene
of Masonic Activity Today
and Tonight.

Reading of Sovereign Grand Commander George F. Moore's address and report on the progress of the order was the high light of today's business session of the Supreme Council, Scottish Rite Masons, in their newly dedicated temple at Sixteenth and S streets northwest.

Although considerable other business of interest exclusively to thirty-third degree Masons was transacted at the secret session, the lengthy and informative allocation dealing with the accounts of the past year, chronicling deaths of high Masons and making recommendations, absorbed the interest of those within the sealed portals.

Thirteen Vacancies.
Business sessions will be held by the Supreme Council every day this week. Although the council is supposed to consist of thirty-three thirty-third degree Masons, the body is now constituted by twenty men, there being thirteen vacancies because of deaths and other causes.

One of the items of business to come before the supreme council this week, no one knows the exact day, will be the selection of a successor to Edward T. Taubman, sovereign grand inspector general, who died here yesterday, and whose body today was shipped to his home in Aberdeen, S. D., for burial.

The selection will be made in executive session, the date of the meeting, names considered, and everything else in connection with the subject being kept a strict secret until the choice has been made.

Arrange Banquets.
Among the other business matters to be decided by the supreme council will be the fixing of dates for conferring degrees and for the two big banquets to be held here this week.

At registration headquarters today it was reported that 1,000 Masons had registered at the temple, and the number probably would exceed 1,200 before the end of the week. The banquets are expected to be large and brilliant affairs. They probably will be held in the spacious ball hall of the temple where the sovereign grand commander and members of the supreme council were entertained at luncheon this afternoon.

Open Next Week.
This afternoon, the Royal Order of Scotland, composed of Masons of Northern and Southern jurisdictions, convened in regular business session. Tonight at 7 o'clock, Leon Abbott, lieutenant grand commander of the degree, presided over a large class of candidates for the Royal Order of Scotland. The organization will give its annual banquet in the Shoreham Hotel tomorrow night.

Today hundreds of men, women and children went to the temple to witness the admission of new members. Thirty-third degree Masons having special cards were stopped at the front door because of the secret session in progress.

They were informed that the magnificent temple would be open to the public next week, after the supreme council adjourns.

A brilliant reception to Scottish Rite Masons and invited guests last night marked the inauguration of the social use of the structure and was also the concluding feature of the dedicatory exercises.

Officers Welcome Guests.
All the officers of the supreme council stood in line and welcomed the Masons and their friends. Among those invited to the reception were Masons of high degree from all over the United States and Canada, including Leon Abbott, lieutenant grand commander of the northern jurisdiction of the United States. An excellent musical program featured the reception.

With oil, corn and wine brought from Jerusalem, with an unbroken but wondrous lot of people, in the ceremonies, and with all the pomp and splendor with which Masonry can invest a service, the temple was dedicated before a crowd estimated at 5,000 persons yesterday afternoon.

The oil, corn and wine were the contributions of Thomas J. Stock, of Baltimore, who recently visited the Holy Land. Following the announcement by the grand commander that they had been brought from Jerusalem, women in the audience went to the steps of the temple and dipped their handkerchiefs in the oil and wine, and there was a scramble for kernels of the corn used in the ceremonies.

Principals in Romance Culminating Today.

DR. and MRS. IRA DOW BEEBE.
(Dr. Beebe's bride was Miss Mary M. Bell.)

Chinese Minister Is Serenaded By Choir Of St. Louis Masons

Minister Kai Fu Shah and attaches of the Chinese legation were serenaded this afternoon by the twenty-five members of the Scottish Rite choir of St. Louis, which came here to participate in the dedication of the new temple.

The choir members, attired in white and purple surplices, marched to the legation in a body and were warmly received by the minister and attaches. The singing of sacred and popular music by the choir greatly pleased the Chinese, and they were most liberal with their applause and thanks.

The choir is composed of the following prominent business men of St. Louis, all of whom have excellent voices: Robert Klein, Charles W. Brainerd, William F. Rose, Richard G. Hendke, Anthony F. Laseau, and Charles E. Hardin, first tenors; Otto G. Mueller, Albert W. Rhein, Charles G. Schroeter, Charles A. Renard, Edwin Q. Healey, and William H. McCormick, second tenors; John A. Laird, Charles J. Linberg, Jr., Julian Langenbach, Louis J. Scheve, Oscar J. Shilling, James F. St. Clair, and Leslie G. Hodgins, first bass; John J. Wuerstbacher, Victor H. Falkenhainer, Edwin W. Bornmueller, Elmer F. Scheve, Oscar A. Hornmueller, and William E. Patch, second bass.

The choir marched to the legation with John J. Laird, president, at the head of the organization. The other officers, including Charles Galloway, director, marched with President Laird.

This is the original Scottish Rite choir, it having been organized in St. Louis fourteen years ago. The organization came here four years ago, and sang when the cornerstone was laid for the temple dedicated yesterday.

One of the St. Louis districts, who represents one of the St. Louis districts, has arranged for a visit to the White House by the choir, and a reception by President Wilson.

HELENA, MD., VICTIM
HELPED WONDERFULLY
F. E. Reeder Thinks Remedy Is Worth Weight In Gold.

F. E. Reeder, of Helena, Md., took Mayr's Wonderful Remedy for disorders of the digestive tract. He had tried many remedies and was skeptical, the very first dose of this treatment convinced him.

The results were astonishing. Mr. Reeder wrote: "Your remedy has helped me wonderfully. I have told a lot of people about your medicine and how it has helped me. It is worth its weight in gold. I will never be without it in my home."

Mayr's Wonderful Remedy gives permanent results for stomach, liver and intestinal ailments. Eat as much and whatever you like. No more distress after eating, pressure of gas in the stomach and around the head. Get one bottle of your druggist now and try it on an absolute guarantee—if not satisfactory money will be returned.—Adv.

MARRIES IN CHURCH WHERE HE MET BRIDE

Miss Mary M. Bell Becomes
Bride of Dr. Ira Dow Beebe
At McKendree.

A romance that had its inception when a young medical student came to Washington from Bridgeport, Conn., four years ago culminated today in the marriage of Dr. Ira Dow Beebe and Miss Mary M. Bell, daughter of Robert J. Bell, of 1235 First street northwest.

Dr. Beebe is the son of Dr. Dow Rowland Beebe, of Bridgeport, and after the honeymoon trip he will return here with his bride and become his father's partner. He came to Washington to enter the 1914 class at George Washington University and soon after began attending church and Sunday school at the McKendree M. E. Church.

There he met Miss Bell, who is a member of the choir and of the Epworth League, with the result that he is to take her back to Bridgeport.

The bride is a graduate of McKinley Manual Training School, where she was prominent as a society member. She belongs to the Eastern Star, Order of the Eastern Star, The Rev. L. Morgan Chambers officiated at the wedding, which took place at the church where the couple met, and after a luncheon they left for New York.

W. T. GALLIHER HEADS
DISTRICT'S BANKERS

Committee Named At Association's Meeting Will Fight Bad Check Evil.

William T. Galligher, president of the American National Bank, has been elected president of the Bankers' Association of the District of Columbia. The annual meeting of the association was held last night at the rooms of the Washington Chapter of the American Institute of Banking, 1211 F street northwest, and following custom, Mr. Galligher, the first vice president, was elected to the presidency, succeeding George E. Fleming, of the Union Trust Company.

In the absence of Mr. Fleming, who is now returning by sea from a vacation in Florida, Mr. Galligher presided. The other officers selected were: John F. Taylor, National Bank, first vice president; Corcoran Thompson, American Security and Trust Company, second vice president; Edmund S. Wolfe, cashier, District National Bank, secretary; and A. S. Gately, cashier, Lincoln National Bank, treasurer.

The executive committee was re-elected. It consists of Robert N. Harper, District National Bank, and C. H. Russell, Second National Bank. Charles J. Bell, American Security and Trust Company, and M. D. Robinson, Bank of Commerce and Savings.

The committee on examinations is composed of Floyd B. Davis, Lincoln National Bank, representing national banks; Charles W. Warden, Continental Trust Company, representing trust companies; and Howard Moran, Home Savings Bank, representing savings banks.

A committee on bad checks was instructed to confer with local trade and civic bodies with a view to obtaining remedial legislation, and the question of employing a local bank examiner and the standardization of bank forms were carried over to the December meeting.

Electrical Workers Vote
Against Compromise Plan

SCHENECTADY, N. Y., Oct. 15.—Hopes of an early ending to the strike of 13,000 employees of the General Electric Company here died a quick death today when it became known that the strikers have voted to reject the company's compromise offer of a nine and one-half hour day. Only 400 of the strikers voted to accept the offer. It is said. The men have only until tomorrow to accept the offer or face a possible lockout.

TAKOMA CITIZENS MAKE COMPLAINT

Railway Company Will Be Requested to Run Cars to End of Brightwood Line.

Vigorous complaint against conditions at the terminus of the Brightwood line at Takoma Park, was made at the meeting last night of the Takoma Park Citizens' Association. It was pointed out that passengers are compelled to walk up a steep hill because cars do not run to the end of the line. George W. Nushaum, secretary of the organization, called attention to the matter and the railroad company will be requested to order the carsmen to come all the way to the end of the line and if necessary drop back in order to allow the car on the switch to get back to the city.

It was stated that on prior occasions the attention of the railroad company had been directed to the matter, and that the present switch at Takoma was purposely made long enough to accommodate two cars in order to take the very conditions which now prevail.

To Ask For Lights.
The District authorities will be requested to install lights on Fourth street between Butternut and Cedar, which is the street in question, and also to temporarily surface the street.

If the changes suggested are carried into effect members of the association state that the present conditions, which are said to be intolerable, will be entirely eliminated. At present the street is almost impassable because of the construction of a sewer.

A communication from the Brightwood Park Citizens' Association urging the passage of a resolution urging the removal of trolley poles on Georgia avenue was referred to the railroad committee.

On a motion of Dr. D. N. Shoemaker, the parks and parking committee was directed to co-operate with a similar committee from the recently organized Takoma Park Horticultural Society relative to proposed improvements on both the District and Maryland sides of Takoma Park.

A. C. Davis was elected to membership.

Committees Announced.
President Wilmer G. Platt announced the following committees for the year: Railroads, James W. Dyre, C. H. Spencer, and Herbert D. Lawson; lights, Samuel A. Cottrell, Dr. J. A. Le Clerc, and Fred L. Harries; publicity, Howard S. Fisk, J. Bond Smith, and H. F. Taff; education, H. C. Gore, Homer Skeels, and W. F. Wright; streets and walks, F. E. Reppert, H. L. Thornton, and E. S. La Petra; parks and parking, E. V. Crittenden, L. M. Moore, and F. B. Linton; fire and police, C. C. King, and Dr. D. N. Shoemaker; membership, Homer Skeels, James W. Dyre, and R. R. Cyphers; finance, F. B. Linton and Major D. S. Fletcher; postal facilities, George W. Nushaum, Preston C. King, and J. B. Derrick.

A number of District officials will be invited to the November meeting of the association, which will be held in the parish hall of Trinity Church. A buffet luncheon will be served.
